

TURKEY
30 November 1962

The anticommunist meeting it has organized does not serve our workers fighting to save their bread from the hands of the exploiters and colonialists. It serves only the purpose of their enemies: Of the American billionaires in Washington who exploit the American workers and our own workers.

With this stand Demirsoy and the federation have again proven that they are under the orders of local and foreign companies. It is necessary ~~for our workers to read this fact~~ carefully and ponder over whose interests will be served by this meeting. The stand toward this meeting by the workers in the Turkish labor federation, whether they will ~~or~~ will not fall in traps, will be a test of the measure of their wisdom. We believe our workers will show this wisdom and will protest the meeting.

MISSILE REMOVAL REPORTS DEEMED UNTRUE

Ankara in English to Europe 2145 GMT 29 November 1962--L

(Excerpt) Foreign Minister Feridun Cemal Erkin has commented on reports appearing in foreign press that Jupiter missiles in Turkey will be withdrawn in exchange for the removal of Soviet missiles in Cuba. He stated that the reports have no foundation whatsoever. This matter has neither been considered nor discussed between the two sides nor have plans been (Formulated?).

TURKISH MINISTERS' DEPARTURE--Professor Furhan Feyzioglu, minister of state and deputy prime minister, and Nuhhiis Ete, minister of commerce, departed by air for Paris on 26 November to attend the meetings of the economic cooperation and development organization. (Ankara Domestic Turkish 1000 GMT 26 November 1962--H)

OIL DEPOSIT DISCOVERY--Reports from Ankara say that at the vicinity of Bada, between Diyarbakir and Sirt, oil deposits have been discovered following prospecting activities for the past two and a half months. The Turkish incorporated joint-stock petroleum company reports that the quality of the oil which has been located at a depth of 2,450 meters is very good. The number of areas found to possess oil deposits during the past 18 months by the company has risen to four. Production during 1962 has risen to 303,000 tons. Since the day of its establishment, the company has saved the treasury 77 million dollars of foreign exchange and has earned a net revenue of 326 million liras for our national economy.
